Always Busy at the Garnet

Just For Fun

Can You Guess These Riddles?

1. I have branches, but NO Leaves, Fruit, or Trunk. What am I?

* *A Bank* *

2. What can you break, even if you never pick it up or touch it?

* *A Promise* *

3. *What Invention lets you look right through a wall?*

* *A Window* *

4. *What is cut on a table, but is Never eaten?*

* *A Deck of Cards* *

5. *What building has the most stories?*

* *A Library* *

Garnet Super Star

Marcella Herrera

Marcella works as a Caregiver.
She has been With the Garnet family for Six months. This is not her first time at the Garnet, however. Marcella was originally hired in 2016 and worked as a Caregiver until 2020. We are so glad that she made it back here to us.
Caring for residents is her passion. That is what keeps bringing her back. "They are our family, and we need to take good care of them." "We spend more time here with them and sharing in their lives than we do at home." Marcella loves to do the residents hair for them too. She always wanted to be a beautician and gets to experience that making our wonderful ladies even more beautiful than they already are.
When Marcella is at home, she is all about being surrounded by her 4 children; Alexis, Andres, Lelan, and Illiana. She and her husband, Freddy, are very family oriented, and all their extra time goes to the family and each other.

Thank you for all that you do for us!

You are Greatly Appreciated!

Silver Star Resident

Sam Schriner

Sam is a newer member of our Garnet family. He hails from Eloy, AZ. He loves staying active, walking daily, and riding on the bus. His favorite pass time, however, is taking long walks in the sunny deserts of Eloy.
Sam has a soft spot for music too. He enjoys our many entertainers, and if you are lucky, you might even hear Sam singing along! Sam is a happy soul. When you him, Say Hi & see his smile!

A word from our Executive Director

With Summer and the Arizona heat at our front door, remember that hydration is the most important thing you can do. With Summer temperature reaching well into the 100's and above, outside activities should be limited to early morning and evening hours. Make sure that you always have your bottle of water with you at all times. Sometimes you do not realize how hot it is until it is too late- so stay safe hydrate!
